

# THE VERGE

The Rize® Verge adjustable bed has the right features when all you want is a better night's sleep. Reduce snoring with the anti-snore setting, take pressure off the lower back in our exclusive lounge position, and improve blood flow by resting in zero gravity. You can even soothe sore muscles with the massage function, or charge your devices with the included USB outlets. The Verge is available in King and California King sizes as a single base, for a more convenient and cost-efficient way to get a bigger bed.

Customize your in-bed experience with the included Verge remote control. Designed to be simple and easy to use, you can raise your head and foot, turn on the under-bed light, or start up a massage - all with the touch of a button. It even has a built-in flashlight to help you find your way in the dark. Find your perfect position for better sleep!
